**Subject:** Question: Is Fenproporex a class E?

Sample# [REDACTED] Raynham unmarked capsule

Findings: Fenproporex (stimulant - Anorexic)

Cobalt - ; -  
Marquis yellow/orange  
Frothes yellow/green  
Meckes brown  
UV +  
GC + peaks  
MS + Library search no Standard  
IR +

I could not find it in the PDR. According to the DEA, the substance is a Schedule IV. Can I call this a Class E?

Annie
